

**Will This Be Our Spiritual Home?**

We are presently negotiating with the American Legion to purchase their facility in Hopewell, NJ. This 6,351 sq. ft. building sitting on an eight-acre lot can immediately be used to hold our church services and it offers great potential for the growth of our church in the future. There are three major concerns that we need to pray for:

1. the seller will agree to the terms that we placed in the contract
2. we will be able to secure a loan of about \$700,000
3. the Hopewell township will approve our application to use the property as a house of worship

Join us in this history-making project that the Lord has placed before us. Your participation is extremely important if we are to reach more people with the gospel of Christ and expand God’s kingdom in this part of the world.

**Christmas Presentation 2009**

Our church choir treated us to an array of Christmas songs last Dec. 13. They also filled the ballroom of Hyatt hotel with their angelic voices and the Christmas spirit during the Fil-Am Association Christmas Ball the week before.

**Christmas Party 2009**

There was fun for everyone during the church Christmas party last Dec. 13 at the Enterprise Fire Co. hall in Hamilton. Just check out the smiles on the kids’ faces and the gyrations of the grownups’ bodies.

### First Action Heroes

What a bunch of fantastic kids! Once again, they displayed their acting and singing talents during their presentation last Nov. 8. Of course, they couldn't have done it without their equally talented and super dedicated teachers led by Sonia Guce. They truly are our action heroes!

### Meet our Church Board

Meet the men and women who have been elected to sit on our church Board during this crucial year. They will make a lot of important decisions. Our church will face a lot of challenges never before seen in our short history. Pray that God will give them wisdom so that they can lead us in fulfilling God's will for our church. ### Planning and Prayer

On two consecutive weekends last January, the leaders of our church sat together to revisit the vision and mission of our church; and set the goals and objectives for 2010. But we know that these plans won't take off unless they are undergirded by prayer. So last Jan. 29, we gathered for our monthly date with the Lord at the home of Edgar and Sonia Guce. There we lifted our concerns to God and asked for His guidance, provision and protection for 2010.
